

# Credit Hours for Education in the Trade

The Board of Examiners, through the Membership, encourages everyone to further his/her stagecraft skills. To this end, the Board will consider, on a case by case basis, granting credit for dispatch hours based upon proof of satisfactory completion of formal education or training programs deemed relevant to the trade.

Attach a copy of your documentation for this education. If this was a Western Washington Training Trust (WWTT) course, the instructor's signature will suffice as documentation. Turn in the completed form to the IA15 office, Attn: BOE. The deadline for Education in the Trade hours is the end of each calendar year. Education hours will only be applied to maintain your list placement, they cannot be used to advance up the Dispatch List.
