

Family Leave Exemption Hours

Attach a copy of the documentation of the addition of an infant or minor child to your family reflecting the time period you were unable to work. Turn in the completed form to the IA15 office, Attn: BOE. The deadline for medical exemption hours is the end of each calendar year. This exemption can overlap two (2) consecutive years but can only be used for a maximum of twelve (12) months per family event. Family Leave exemption hours will only be applied to maintain your list placement, they cannot be used to advance up the Dispatch List.
